

# REINVENTING SPECIALIZED SPACES

lorraine j haricombe

Vice Provost and Director, University of Texas Libraries

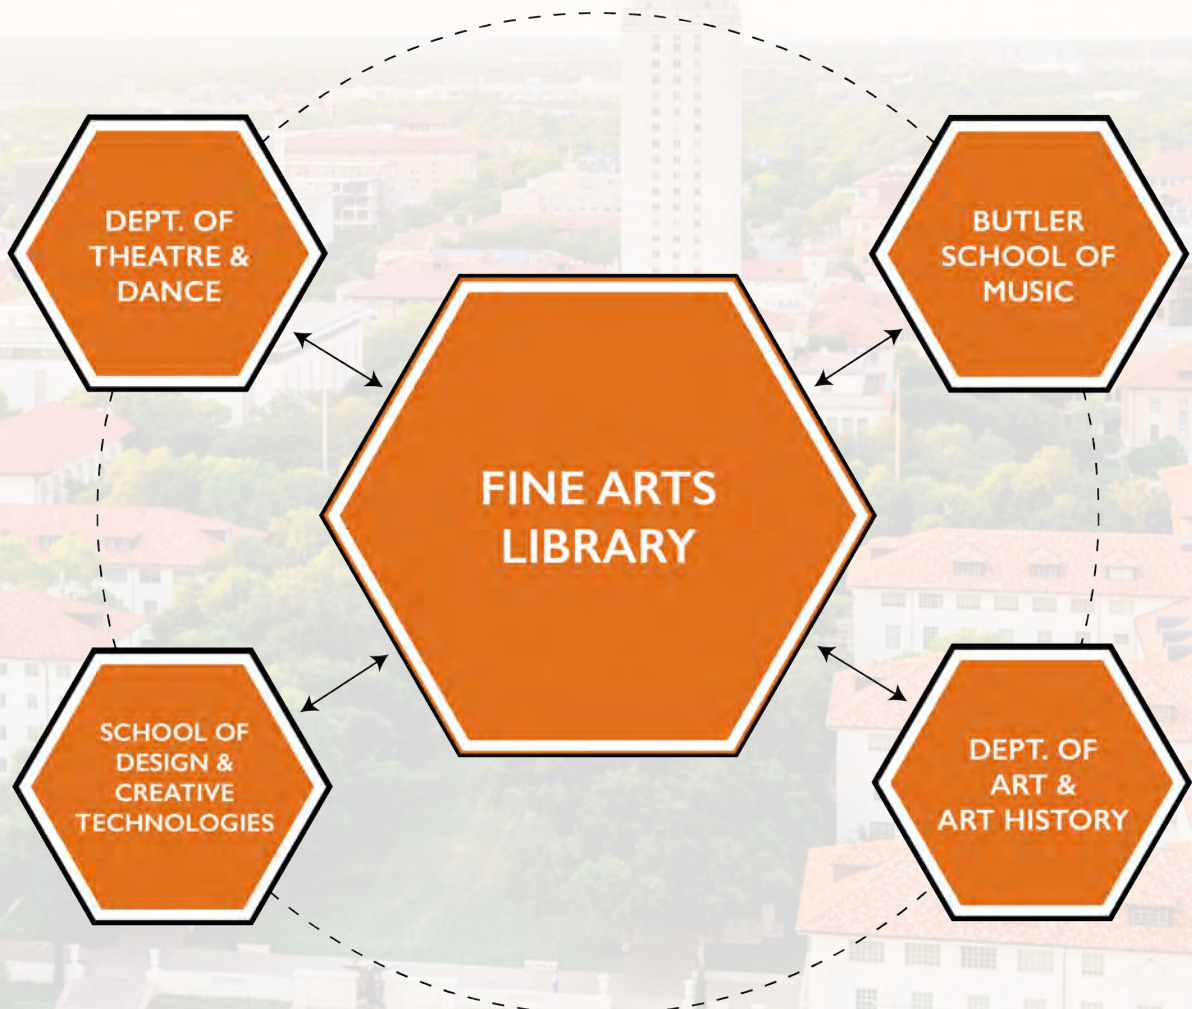

Sept. 17, 2018

*7<sup>th</sup> Designing Libraries Conference | September 16-18, University of Calgary, Alberta, Canada*

An aerial photograph of a university campus. The central focus is a tall, white clock tower with a gold clock face. Surrounding it are numerous white buildings with red-tiled roofs. In the foreground, there is a large, ornate fountain with a central statue. The background shows a dense forest of green trees under a hazy sky.

ART &  
ART HISTORY

An aerial photograph of a university campus. In the center, a tall, white clock tower with a gold clock face stands out against the sky. The surrounding area is filled with various university buildings, many with red-tiled roofs. In the foreground, there is a large, ornate fountain with a central statue, surrounded by green lawns and trees. The overall scene is bright and clear, suggesting a sunny day.

# **TRANSFORMING THE FINE ARTS LIBRARY**

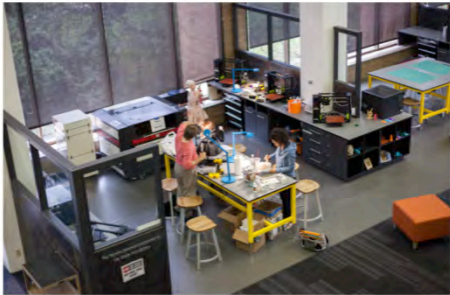

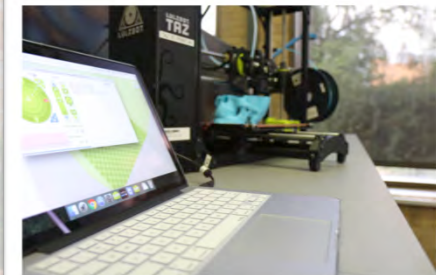

An aerial photograph of a university campus. The central focus is a tall, white clock tower with a gold clock face. Surrounding it are various university buildings with red-tiled roofs and white walls. In the foreground, there is a large, ornate fountain with a central statue. The background shows a dense urban area with more buildings and greenery under a hazy sky.

# **Why transform the Fine Arts Library?**

An aerial photograph of a university campus. The central focus is a tall, white clock tower with a gold clock face. Surrounding it are numerous white buildings with red-tiled roofs. In the foreground, there is a large, ornate fountain with a central statue. The background shows a dense forest of green trees under a hazy sky.
